<u>Contents</u>	<u>Paragraph</u>
Purpose -----	1
Mission -----	2
Major Functions -----	3
Relationships -----	4
Materiel Assignments -----	5

1. Purpose. This regulation sets forth the mission and major functions of BGAD and assigns responsibility and delegates authority of the Commanding Officer for the accomplishment of assigned missions.

2. Mission. The BGAD is a Tier 1 Power Projection Platform for munitions, chemical defense equipment and special operations support for all of the Department of Defense. On 1 October 1999, Anniston Munitions Center (ANMC) became a subordinate unit under the command and control of BGAD. ANMC is a multi-functional Class V facility. It is a Tier II facility for conventional ammunition and a Tier I facility for missiles.

3. Major Functions.

a. Receipt, storage, inspection, renovation, issue and demilitarization of all types of conventional ammunition.

b. Receipt, storage, inspection, testing, repair, issue and demilitarization of chemical defense equipment.

c. Stockpile reliability functions for preposition afloat war reserve munitions.

d. Receipt, storage, inspection, renovation, special accountability, issue and demilitarization of special operations munitions.

e. Industrial services support to special operations in the areas of design, fabrication and repair.

f. Training site for reserve component units.

g. Depot and contractor provide a one stop facility for special operation logistics support.

h. Provide base operation and security support to the Soldier and Biological Chemical Command chemical storage mission.

i. Enhance power projection in the management of receipt, storage and shipment of ammunition and missiles.

j. Perform modification on various missile systems for the Aviation and Missile Command.

k. Perform download reconfiguration of toxic chemical munitions for the Soldier and Biological Chemical Command ensuring that the munitions will remain safe in storage and ultimate destruction.

l. Maintain two emergency supply packages for the 75<sup>th</sup> Ranger Regiment at Fort Benning, Georgia and the XVIII Airborne Corps at Fort Bragg, North Carolina.

4. Relationships. BGAD is under the command jurisdiction of the Commanding General, OSC. The OSC Commanding General assigns the Commanding Officer, BGAD responsibility and authority to exercise command jurisdiction over the installation(s) in accordance with the mission assigned. BGAD, its tenants, and other Government services/activities provide and receive administrative and logistical support IAW negotiated agreements.

5. Materiel Assignments.

a. Conventional munitions and chemical defense equipment to include: small arms, artillery rounds, bombs, rockets, flares, mines, chemical protective masks and detection kits.

b. Special tools, tool sets, and test, measurement and diagnostic equipment which are a part of, or used with, assigned items.

c. Other equipment/materiel, as assigned.
